Greetings,

A Special Meeting was held today regarding the 2023 Aly's Beach Neighborhood Association (ABNA) budget. A 30% quorum of the Members was achieved, and the previously approved budget was rejected by homeowners voting in person or by proxy. The process outlined in the Declaration requires that the ABNA Board must approve a new 2023 budget within 10 days and send a copy to each Member. A sub-committee of homeowners representing both sides of this matter will be established to advise the Board on reducing assessments and constructing a new balanced budget.

Please know that the Board and the Founder are committed to reestablishing the harmony and unity that has existed in our community for years. The real benefit to this exercise is that a record number of Homeowners have participated in the process and voiced their opinion. It's important that we strive to understand each other's perspectives and work toward common ground. We hope to find solutions which will strengthen the community and benefit both the Homeowners and the Founder as well.

We will distribute more information on the revised 2023 ABNA budget as it becomes available.

Sincerely,

David Everett
President, Aly's Beach
